For further information on the VCE Conference Series keynote speakers and program, please visit our [website](#).

STAV VCE Conference Series 2023 - “Sustainability through a Science Lens”

STAV's VCE Conference Series is a key feature in the calendars of VCE teachers of the Sciences. We anticipate engaging over 1000 Science teachers throughout the series from Monday 13 February through to Friday 17 February 2023. The intended audience includes not only teachers of the VCE Sciences but also laboratory technicians, members of the education research community and tertiary sector, and all others with an interest in VCE Biology, Environmental Science, Chemistry, Psychology and Physics.

As a supporter of the conference, your organisation will be associated with STAV's premier event for Science Teachers in Victoria. Your brand exposure will commence pre-event and continue throughout the conference and post event.

Furthermore, you will enjoy the opportunity to:

- Demonstrate and launch new services, products, and programs
- Network with delegates that play key decision-making roles from department, research, policy, and classroom practice
- Demonstrate your involvement, commitment, and support of STAV and the broader Science education community
- Identify, learn from, and engage with leading local, national, and international experts
- Access all plenary and sessional presentations.

You can choose from a variety of sponsorship packages, as listed below, that best suit your budget and marketing needs. We are happy to consider ideas and amendments to the packages that maintain the spirit of supporting the conference at the designated levels.

We look forward to your support of this important event.

The following sponsorship/ exhibitor packages are available:

Diamond Sponsor - \$10,000 (excluding GST)

- Access to 3-5 Full Day (choice of VCE Science subject day) with distinctive exposure and brand placement (logos, banners and community expo display).
